

SPOKANE VALLEY TECH PRESENTS

STEM NIGHT

January 21, 2026
5pm - 7pm

STEM is a major part of the economy here in the Pacific Northwest with high demand jobs in Health Sciences, Manufacturing, IT, Environmental Science & Engineering. At SVT and the Skill Center at SVT we provide students with opportunities to thrive in these fields.

Join us for family friendly hands-on activities that get students excited about learning about STEM! We will also be joined by industry partners to help illustrate what a career path, starting at SVT might look like!

This is also an opportunity to meet our staff, some of our students, and ask any questions that you might have about our programs!

Take the first steps towards becoming a student!

Students who attend this event will get priority access to our SVT and Skill Center @ SVT application for 2026-27!

This event is proudly supported by:
